General information

Information to Shareholders

The annual and semi-annual reports to shareholders are available at the SICAV's registered office.

The changes in portfolio may be obtained on simple request and without charge at the SICAV's registered office.

An Annual General Meeting of shareholders of the SICAV is held each year at the registered office of the SICAV or at any other place in Luxembourg which will be specified on the convocation.

Notices of all General Meetings are sent by letter to all the registered shareholders at their address shown in the register of shareholders at least eight days prior to the General Meeting.

These notices state the time and place of the General Meeting and the conditions of admission, the agenda and the requirements under Luxembourg law regarding quorums and necessary majorities.

The net asset value per share in each Sub-fund, the issue, repurchase and conversion prices are made public on every evaluation day at the registered office of the SICAV.

The financial year begins on January 1, and ends on December 31, of every year.

The prospectus, packaged retail and insurance-based investment products (PRIIPS), the SICAV's Articles of Incorporation and financial reports are kept for public inspection, free of charge, at the SICAV's registered office on banking days and during normal office opening hours and at the registered offices of the organisations designated to provide financial services in the countries in which the SICAV is marketed.

Additional information for investors in Germany

The complete prospectuses, the PRIIPS, the Articles of Incorporation, the annual and semi-annual reports are available free of charges upon request at the SICAV's registered office and at the German paying agent's office.

A printed list of the modifications to the securities portfolio can be obtained free of charge from the Paying and the Information Agent in Germany.

Savings Directive

The law of November 25, 2014 transposed the European Union Council Directive 2003/48/EC on taxation of savings income in the form of interest payments (the "Directive") into Luxembourg legislation. The purpose of this Directive is to allow the interest income paid to a beneficial owner who is a natural person domiciled in a country of the European Union to be taxed according to the provisions of the State in which the beneficial owner is domiciled. This purpose is achieved by means of an exchange of information between the tax authorities of the European Union. Luxembourg proceeds to automatically exchange information on interest payments and proceeds of redemptions obtained since January 1, 2015 from funds that come within the scope of the Directive, which is the case for BIL Invest.

The Company is authorised to reject any application for shares if the applying investor does not provide the Company with complete and satisfactory information as required by the Law.

Governance

The Board of Directors of the SICAV has chosen to voluntarily comply with the code of conduct of ALFI (Association of the Luxembourg Fund Industry) published in June 2013, which lays down the good governance principles. The Board of Directors considers that the SICAV complied with this code, in all its significant aspects, during the financial year ended December 31, 2024.

This ALFI code of conduct is available for consultation at the registered office of the SICAV.

1 - General information

BIL INVEST hereinafter referred to as “the SICAV”, is a Variable Capital Investment Company under Luxembourg law, established for an indefinite period in Luxembourg on January 10, 1994 in accordance with the part I of the law of December 17, 2010, as amended, related to Undertakings for Collective Investment (“UCI”) and the law of August 10, 1915 on public companies.

The Articles of Incorporation of the SICAV were published in the Mémorial, Recueil des Sociétés et Associations of the Grand Duchy of Luxembourg (“le Mémorial”) on February 18, 1994. The SICAV is an umbrella fund, meaning that it is composed of several Sub-funds each of which represents a specific collection of assets and liabilities and corresponds to a separate investment policy.

The structure of multiple Sub-funds offers investors not only the advantage of being able to choose between different Sub-funds but also of being able to switch between these Sub-funds.

The SICAV operates as a so-called “open-end” investment company, i.e., the equities in its various Sub-funds can be redeemed daily at a price based on the net asset value.

The shares will only be available in registered form.

The following share classes may be issued:

- An “I” class, reserved solely for investors that describe themselves as institutional - including BIL - and for institutional investors which subscribe for the account of their clients under a discretionary management contract entered into with them - the minimum initial subscription for which is EUR 250,000 - or the equivalent in a foreign currency authorised by the technical data sheets of the prospectus (the Board of Directors may adjust this minimum at its discretion provided all shareholders are treated equally on a given valuation day). 2.1 - Presentation of the financial statements

The financial statements of the SICAV are prepared in accordance with Luxembourg regulations relating to Undertakings for Collective Investment.

2.2 - Portfolio valuation

The valuation of any security admitted for trading to an official listing or any other normally operating regulated market which is recognised and open to the public is based on the last price known in Luxembourg on the valuation date or, if this stock is traded on several markets, on the last known price on the principal market on which it is traded.

If the last known price is not representative, the valuation shall be based on the probable realisation value as estimated by the Board of Directors with prudence and good faith.

The valuation of securities which are not quoted or traded on a stock exchange or any other recognised regulated market and open to the public, or of securities whose price is not representative, is based on the probable realization value, determined with prudence and good faith by the Board of Directors.

Units in UCIs are valued on the basis of their last available net asset value at the valuation date.

2.3 - Net realised profit or loss on sales of investments

Profits or losses realized on sales of securities from each Sub-fund are calculated based on the average cost of the securities sold.

2.4 - Foreign currency translation

4 - Operating and Administrative Expenses

The SICAV bears the current operating and administrative expenses incurred to cover all the overheads and variable expenses, the charges, fees and other expenses, as defined below ("Operating and Administrative Expenses").

The Operating and Administrative Expenses cover, but are not limited to, the following expenses:

a) the expenditures incurred directly by the SICAV, including, inter alia, the Depositary Bank's fees and charges, the fees and expenses of the approved independent auditors, the cost of share class hedging, including that invoiced by the Management Company, the fees paid to the Directors and the reasonable expenses and outlays incurred by or for the Directors;

b) a "service fee" paid to the Management Company and including the remaining sum of the Operating and Administrative Expenses after deduction of the expenses detailed in section (a) above, that is, inter alia, the fees and expenses of the Domiciliary Agent, the Administrative Agent, the Transfer Agent and Registrar Holding and the Principal Paying Agent, the costs related to registration and maintenance of the registration in all the jurisdictions (such as the fees charged by the supervisory authorities concerned, the translation expenses and the remuneration of the Representatives abroad and the local paying agents), the stock exchange registration and renewal expenses, the cost of publishing the share prices, the postal and telecommunication charges, preparation cost, printing, translating and distributing the prospectuses, key investor information documents, notices to shareholders, financial reports or of any other document intended for the shareholders, the legal fees and expenses, the charges and expenses related to the taking out of any subscription/licence or any other use of fee-paying information or data, the expenses incurred by the use of a registered trademark by the SICAV, the expenses and fees payable to the Management Company and/or its delegates and/or to any other agent appointed by the SICAV itself and/or to the independent experts.

The Operating and Administrative Expenses are expressed as an annual percentage of the average net asset value of each share class.

At the end of a given period, if the actual charges and expenses were to be higher than the percentage of Operating and Administrative Expenses set for a share class, then the Management Company would pay for the difference itself. Conversely, if the actual charges and expenses were to turn out to be lower than the percentage of Operating and Administrative Expenses set for a share class, then the Management Company would retain the difference.

The Management Company shall be entitled to instruct the SICAV to proceed to settle all or part of the expenses as listed above directly from its assets. In such a case, the amount of the Operating and Administrative Expenses would be reduced accordingly.

They are payable on a monthly basis.
